The 1st Aerospace and Aviation Exhibition of West Africa

24-25-26 October 2017

Kotoka International Airport - Accra, Ghana

Hosted by

**CONNECTING PROFESSIONALS ACROSS ALL AREAS OF THE INDUSTRY
WITH THE AFRICAN MARKET**

Aviation Industries

General, Business and Commercial Aviation

The largest exhibition for General, Business and Commercial Aviation in Africa.

The African Airshow brings together major players within the aviation industry, enabling a demanding clientele to discover the industry's latest developments and innovations in a remarkable and convenient location.

General, Business and Commercial aviation have seen strong growth within Africa in terms of number of movements and registered aircraft which have increased steadily over the last few years.

Part of this growth is due to a growing demand by African companies to efficiently transport teams to remote areas in certain industries such as mining, oil and gas.

Africa is a fertile market for the growth of General, Business and Commercial Aviation as well as Growing Airport Infrastructure Demand thus predicting:

- 6.7 Million jobs
- USD 67.8 Billion GDP
- 67 Million passengers
- 256 Airlines
- 1,302 Aircraft
- 762,000 Flights
- 371 Commercial Airports

Military and Defence

African Airshow will showcase defence aircraft, products and services.

With more than 23 African and 50 international countries, the defence industry is widely represented and offers a large variety of aircraft, innovation and intelligent systems.

A strategic event to meet all the key players in the defence industry, and develop challenge and opportunities.

The best way to present your business to the African market.

**Connecting the world
of aviation to the
African market**

Airport Infrastructures and Suppliers

One of the aims of the African Airshow is to highlight the importance of infrastructure within aviation, this includes airport procurement, supplies, solutions and technology. African Airshow will attract key aviation industry players to discover first-hand the range of new technologies and solutions that the industry has to offer. The African Airshow is an ideal platform to discover the latest technologies and learn about emerging trends and networking with key decision-makers and get first-hand knowledge about the industry's present and future growth.

By 2040, all airports on the continent will need to be expanded or supplemented by additional airports so as to handle the anticipated growth of 350% to 600% over current air passenger levels in Air Traffic.

Human Capitalisation

With the growth rate in African Aviation (around 6.3%) surpassing the global growth rate (hovering around 4.5%), the urgency to address human capital needs for the next 25 years has become a critical imperative. Ghana alone is experiencing a growth rate of over 9.2%.

The African Airshow will focus on the latest trends, training and recruitment within the aviation industry so as to prepare Africa to meet the challenges of the next 25 years.

Learn Interact Exchange Succeed

The African Airshow promotes the belief that human capital development will continue to be rooted in a strong training culture which integrates experiences of the past with the massive requirements of the future.

The Conference will address the issue that training that not only delivers operational effectiveness but also caters to the dreams, aspirations and ambitions of individuals looking for a long term career in the aviation industry.

Held in Kotoka International Airport Accra, Ghana, African Airshow is supported by many African countries such as **Nigeria, Ivory Coast, Guinea, Libya, Sierra Leone, Burkina Faso, Liberia, Ethiopia, Zambia, Togo, South Africa and Egypt** to name but a few.
